01

Our focus

Customer-led development, considered workmanship and clear communication throughout each order.

What we do

01

Garment trims & accessories

Manufacturing and supply support for garment trims, fashion accessories and branding requirements.

02

Custom apparel printing

T-shirts, promotional garments and custom artwork printing, including screen, DTF and sublimation applications.

03

Stone placement

Rhinestone, stud and heat-transfer embellishment developed around customer artwork and finishing requirements.

04

Handicraft development

Handmade fashion and decorative products combining materials, creative detailing and craftsmanship.

Purpose & working principles

MISSION

Create value through detail

Translate customer ideas into well-finished products through responsive development, careful production and dependable service.

VISION

Build lasting partnerships

Develop trusted relationships with apparel businesses through consistent workmanship and practical sourcing support.

Quality

Attention to materials, print clarity and finishing.

Accountability

Clear ownership of requirements and corrective action.

Collaboration

Open communication from artwork to dispatch.

From enquiry to delivery

01

Requirements

Confirm artwork, materials, quantities, specifications and delivery needs.

02

Development

Prepare artwork and samples for customer review and approval.

03

Production

Proceed with the agreed print, embellishment or manufacturing process.

04

Quality review

Check appearance, placement, finishing and conformity to the approved requirements.

05

Finishing & packing

Complete finishing, folding, packing and order preparation.

06

Dispatch & support

Coordinate dispatch and maintain communication on the order.

Production & quality approach

Our workflow brings together design and graphics, screen printing, quality control and finishing, supported by an alternative power system. These functions support the development and preparation of customer orders.

Design & artwork

Artwork preparation, colour coordination and print or embellishment placement.

Printing & embellishment

Screen printing, DTF and sublimation applications, plus stone and stud work.

Quality control

Material and visual checks, in-process inspection and review of finished work.

Finishing & dispatch

Pressing, folding, packing and final order preparation.

Product & application range

01

Printing techniques

Screen print, plastisol, water-based, discharge, high-density, glitter and foil applications; DTF and sublimation.

02

Embellishment options

Rhinestones, studs, heat-transfer stone work and customer-specific placement patterns.

03

Apparel applications

T-shirts, polo shirts, hoodies, sweatshirts, tank tops and kidswear.

04

Custom development

Logo printing, front and back artwork, all-over designs and handcrafted detailing.
